## A New Year at Miracles

It's a brand new year at Miracles. Its hard to believe that 2008 is gone. It has been a rich year full of challenges and accomplishments.

We have been very busy as all our Miracles families know, our practice has grown. I can still remember starting at home over 30 years ago. From there we moved to a lovely home style office in Teaneck. And as our practice continued to grow we have moved yet again to our current digs here at

**1029 Teaneck Road, still in Teaneck.**

We now have two sensory rooms, a library room for older children, a craft room, a welcome room and office. At Miracles we provide relationship based speech and language therapy using the PROMPT approach.

The recent Miracle on the Hudson occurred

## Feeding Program

In response to several new client's requests we have started a new feeding program that is combined with our current PROMPT. It has been amazingly fulfilling to see children

because of the highly trained and dedicated Pilot and crew at the helm. Those are the standards that we uphold for all of our therapists and assistants on behalf of your family.

Lauren Butera, SLP has been a part time therapist with Miracles for the last 2 years, and is now with us full time. She has been a wonderful contributor to the Miracles in Communication family. She is not only a fully qualified Speech and Language Pathologist, but a gifted and dedicated PROMPT therapist!

overcome sensory issues and regain their ability to not only tolerate, but also expand the variety of color and textured foods they can now eat.

## Communication Workshop

Thursday, **February 5, 2009** at 7:00 P.M. I will be giving a workshop sponsored jointly by Trinity Lutheran School PATT and Trinity Evangelical Lutheran Church. I will be speaking about the development of speech and language in young children. I will be describing the behavioral "red flags" in children that underlie

communication disabilities. As early detection frequently enhances the effectiveness of treatment for speech and language problems, this workshop is a valuable resource that you will not want to miss. Please call our office if you are planning to attend. (201) 837-6060

**Trinity Evangelical Lutheran Church**  
167 Palisade Avenue  
Bogota, New Jersey 07603

## Refer a Friend

We at Miracles in Communication would like to be able to help as many children and adults with speech and language disabilities as possible. So if you or a friend know of someone that could benefit from our

specialized therapies, please don't hesitate to have them call.

As always it is a pleasure and an honor to serve you, from all of us here at Miracles!
